Subject: Lab Coats
Importance: High

To: All Laboratory Users

I am trying to gather some information in regards to lab coats. Please pass this along to the person(s) in charge such as a lab manager or even PI if no lab manager.

- 1) Does staff, students (grad, post docs) and visiting researchers use disposable or cloth lab coats in the labs?
- 2) How often is the lab coat used before is launder?
- 3) Who does the laundry? And where? Is it an outside vendor? If so, then who? And how often do they come to campus to pick up soiled lab coats?
- 4) If disposable lab coats then how much is the department paying for them and for how many?

Thank you for your **timely response** on this matter. Would like to get response by February 3rd or before. Please email responses to gpons@ehs.umass.edu

Any questions or comments please do not hesitate to contact me.

Sincerely,

Glenda L. Pons
